

	Technical Data Sheet and Specification	Acetone 96%
		80001491

	Technical Data	Formula Molecular Weight (g/mol) Boiling Point (Range) Flashpoint (closed cup) Auto Ignition Temperature Explosive Limits Solubility in Water Water solubility in solvent Refractive Index	C₃H₆O 58.08 56°C -17°C 465°C 2.6-12.8% Miscible 100% 1.359
-----------------------------------------------------------------------------------	-----------------------	-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	-------------------------------------------------------------------------------------------------------------------------------------------------------------------------

Product Specification	Limits	Test Method
Water Content % w/w	1.0% maximum	P86
GC Assay % w/w	96% minimum Acetone	P36
Appearance	4.0% maximum other solvents	P19
	20 HU maximum	
	Clear colorless liquid	P7
